Welcome to NephJC's #KidneyWkBingo. So much of what happens at these big medical meetings is stereotypical, but now you can do more than just roll your eyes. Record the event on your own bingo board. Shout out each space with a tweet, hashtag #KidneyWkBingo. No prizes are on the line and fame is unlikely, but come on, who doesn't want to make rubbing elbows with the ASN elite a competitive sport.

Do you find the poster tour a bit overwhelming? Leave the driving to NephJC. On Thursday and Saturday at 10:00 meet the leaders of NephJC at the Arkana Laboratories table (Booth 1109, right next to the Posters) for a guided tour of their favorite posters.

Then on Friday night from 6:30 to 9:30 join us for the NephJC Beach Party at De Anza Cove, Mission Bay about 15 minute Uber north of the city. It is going to be a great night of dinner, drinks, appetizers and nephrology nerdery. We will be announcing the winners of the 2018 NephJC Kidney Awards and graduating the 2018 NSMC interns.

Thanks to Satellite Healthcare for supporting the poster tour, bingo and the beach party.
